RE: **D186 DOWNEAST PLASTICS LTD.**
 CAP-PELE, NEW BRUNSWICK, CANADA
 15/07/96 q1 Gel-Pak

This is in reference to your letter dated March 18, 1996, concerning the aforementioned packaging material for which you have requested acceptance for use in federally registered food establishments.

Based on the available information, no objection would be taken to the use of the above packaging material for packaging fresh fish products, produce and meat products to keep them cold.

This acceptance is not to be misconstrued as an endorsement for this or similar packaging material, and their use in Registered Establishments will depend upon their continued acceptability to all concerned.

Should any changes occur in the chemical formulation of the aforementioned packaging material, then this acceptance will be considered **NULL** and **VOID**.

Our inspection personnel are being advised of the above under separate correspondence.

Yours truly,

J.J. Donald
